5. [REDACTED] I dropped by the Senate Internal Security Subcommittee and asked Ben Mandel if he could tell me whether the Subcommittee planned to call any of the press people who were mentioned by [REDACTED] in his testimony before the Subcommittee. Mandel said letters had been written to each of the individuals referred to by Todd extending them an invitation to appear before the Subcommittee if they wished to do so. Mandel said they have received one response to these letters. He did not name the individual and I did not press him on this. I later informed [REDACTED] that the Committee's invitation was strictly voluntary and no subpoena had been issued. I also passed on Mandel's remarks that the Subcommittee staff had been much impressed by [REDACTED] and his testimony.

5. [REDACTED] We were advised by Messrs. Elder and Knoche that the Director had agreed, after White House approval, to meet with members of the Senate Republican Policy Committee on 1 August to discuss world events.

JOHN S. WARNER
Legislative Counsel
